

Smart Business Security Camera

Houses of Worship

Watch your property from anywhere

Arlo is a smart, modern take on video security. Arlo provides a complete system of HD cameras, secure cloud storage and intuitive mobile apps to deliver a seamless experience for monitoring what matters most - your house of worship. Recordings are securely sent to the cloud for storage and easy access from your mobile device.

Every angle covered

From the entrance to the pews you'll have eyes everywhere, even when you aren't.

Don't be a target

There is a rise in vandalism against all denominations. Protect your property and have the evidence to prosecute if an event occurs.

Dark spaces and night places

From the dumpster in the alley to your safe in the office, night vision on Arlo cameras makes monitoring difficult spots a snap.

See every movement

Know anytime someone goes where they shouldn't be - day or night.

Safety first

Ensure a safe environment during every gathering.

The best night watchman

Use the Arlo app to check on things anytime after-hours without leaving the comfort of your couch.

Arlo Pro Smart Business Security Camera For Houses of Worship

Why Choose Arlo

Arlo understands your challenges. You may not have an IT team and certainly don't have big budgets, but that doesn't mean you can't protect your congregation. Arlo makes it easy and affordable to keep your house of worship secured around the clock.

- Easy to install, small equipment size, no back room to maintain.
- Arlo Smart analytics identify people, cars, animals and swaying trees, allowing Arlo cameras to record and alert only those events that matter.
- Easily move cameras to new locations based on your needs, with our innovative mounts.
- No DVRs or tapes to maintain or risk damaging. Recordings are instantly stored in the cloud, so you have the evidence you need.
- More affordable than traditional security systems.

Features

100% Wire-Free
