

Smart Business Security Camera

Restaurants & Bars

Watch your restaurant from anywhere

Arlo is a smart, modern take on video security for your restaurant or bar. Arlo provides a complete system of HD cameras, secure cloud storage and intuitive mobile apps to deliver a seamless experience for monitoring what matters most. Recordings are securely sent to the cloud for storage and easy access from your mobile device.

Every angle covered

From the Kitchen to the Bar you'll have eyes everywhere, even when you aren't.

Keep tabs on employees

Most people can be trusted. But Arlo never lies and lets you know if anyone who can't be is working for you.

Dark spaces and night places

From the dumpster in the alley to your equipment in loading dock, night vision on Arlo cameras makes monitoring difficult spots a snap.

Knock out fights & violence

Make your customers think twice before starting a confrontation or 'taking it outside.'

Take inventory of every order

See exactly what is delivered to your business during every shift.

The best night watchman

Use the Arlo app to check on things anytime after-hours without leaving the comfort of your couch.

Arlo Pro Smart Business Security Camera For Restaurants & Bars

Why Choose Arlo

Arlo understands small business. You may not have an IT team and a big budget, but that doesn't mean you can't protect your business like you mean it. Arlo makes it easy and affordable to keep your business secured around the clock.

- Easy to install, small equipment size, no back room to maintain.
- Arlo Smart analytics identify people, cars, animals and swaying trees, allowing Arlo cameras to record and alert only those events that matter.
- Easily move cameras to new locations based on your needs, with our innovative mounts.
- No DVRs or tapes to maintain or risk damaging. Recordings are instantly stored in the cloud, so you have the evidence you need.
- More affordable than traditional security systems.
